Synopsis

Typical Tuesday is a short crime drama film.

Kenny is a small time crook, acting as driver on a seemingly routine job, when the deal goes badly wrong. He finds himself faced with armed rival gang members and the chance to steal back his bosses money.

Kenny figures he has to hide the cash and himself for the night with gangsters hot on his tail.

He comes up with a plan, during which he is arrested for a minor altercation whilst believed to be under the influence.

As his tale unfolds, the events involving murder, stealing his boss's car and a drug deal gone wrong seem ever more fantastical.

The question is; are they?

Tone

Typical Tuesday would be comparable to Snatch, or Layer Cake in tone.

Characters

Kenny (Late 20s/early 30s, black)

– A small-time crook with initiative who soon finds himself in more trouble than he bargained for.

Continuation

There would be the possibility of a sequel to see what Kenny did next and if his decisions caught up with him.
